## **Notes for Editors**

### **About Glencore's coal business in Australia**

Glencore is one of Australia's largest coal producers with 13 mining complexes – including 17 operational mines – across New South Wales and Queensland.

We employ 7,500 Australians and in 2016 managed the production of nearly 93 million tonnes of thermal and coking coal, predominantly for export.

We have a strong safety and environmental performance and play an active role in the development of low emission coal technology.
